

Morrinsville College

2025

From the Editing Team

Mahia te pai ki te katoa me te whakapono hoki ki a koe ano.
Be of service to others and truthful to yourself.

The pūkeko anchors our crest, and this beautiful but cheeky bird exemplifies our motto. In a world that often values conformity, the pūkeko is an individual, strutting proudly, with its vivid blue feathers, fiery red beak, and long, ungainly legs. However, even with its flair for individuality, it values community. In pūkeko society, everyone has a role: even those who don't lay eggs help raise the young.

We can learn much from this remarkable bird, born in a swamp, yet determined to be bold and stand out. Dionne Christian wrote about the pūkeko in the New Zealand Herald a few years ago: "The rise of the pūkeko and its transformation from pest and scavenger to national symbol is a story that can teach much about the importance of being flexible, adaptable and social."

It is a symbol of our resilience, our unity, and our celebration of individuality. While others might retreat in the face of change, our school adapts, strives to cooperate, and flourishes.

It's not about standing alone—it's about standing together.

We would like to acknowledge Mrs Angela Peters, who once again proofread every page of this magazine. She is dedicated to excellence and we are deeply grateful for her contribution.

We would like to thank Miss Elizabeth Ross for her facilitation and support.

The Principal's Comments

Abridged version of Prizegiving Speech.

At last year's prizegiving, I chose not to follow the usual principal's speech format. Instead of listing our school's achievements, I let our students - those coming up to receive awards - speak for themselves through their actions. Of course, Morrinsville College is in a strong position across all the traditional indicators: academic achievement, attendance, property, finances, enrolment, and staffing. We've had to turn away out-of-zone students, and we're on track for some of our best academic results ever. I'm confident that whoever takes over from me will inherit a school with solid foundations.

These metrics, while important, don't capture the true essence of our school. The heartbeat of Morrinsville College lies in things that can't be measured - things that are lived, felt, and experienced. You won't find it in media debates about education, in statistics, or in social media commentary. You'll find it in the spirit of service that runs through our school.

I sat in our service assembly and watched 200 students receive awards for their contributions to our school and community. Some were recognised for a single act, others for ten or more. It reaffirmed what I've long believed: service is the core of our school's identity. It's embedded in our motto - "Be of service to others and honest to thyself." Service teaches leadership, empathy, humility, and teamwork. It connects people and builds purpose. We see students supporting younger peers in feeder schools and engaging with the wider community. And it's not just students - our staff go above and beyond every day, often outside their job descriptions.

I want to acknowledge our staff for their quiet, consistent acts of care. Whether it's running extracurriculars or showing up at sunrise to share breakfast with Year 13s on their last day, they make space for the small conversations that tell our students they matter. These moments aren't in any job description, but they are the soul of our school.

This spirit of service extends beyond our gates. In a rural community, a school doesn't stand alone. Many people have served our kura - as coaches, managers, drivers, mentors, or gateway employers. I want to thank various businesses and community groups, including but not limited to The Morrinsville Lions Club, Rotary, The Perry Outdoor Education Trust, the police, Kiwanis, and MBS - for their ongoing support.

Service has also been central to the Morrinsville Kahui Ako, which concludes this year. I want to acknowledge Ngahu Potaka's leadership and the collective achievements of our local schools. I know Jenny Clarke, Principle of Morrinsville Intermediate School, would join me in that recognition.

I told our students at the service awards that it's my favourite prizegiving. I'm not sure they believed me, but I meant it. As I wrote it with my PA, Grace Martin, I was struck by the fact that Grace has worked with three principals over five decades, before personal computers and AI. She recently turned 75. That is the definition of service.

Our Kuia, Te Ao Marama Maka's service, too, is immeasurable. Now, I'm far too scared to guess her age publicly, but I will say this: she has served our kura and surrounding schools since the 1980s, when she first joined our Board of Trustees. That, too, is the epitome of service.

It's fitting to acknowledge our current board Members' contributions. Some no longer have children at Morrinsville College, yet they continue to give their time, energy, and wisdom to support our students and help guide me as principal. Their commitment is deeply appreciated.

Every year at Senior Prizegiving, we present two service awards that may not carry the same spotlight as Head Student or Dux, but in many ways, they are just as significant. If you're looking for a true indicator of future success, it's right there. No pressure to the recipients, but these awards reflect the values that sit at the heart of our school.

From our youngest students to our longest-serving community members, the spirit of service is what binds us. It's what makes Morrinsville College more than just a place of learning - it makes it a community.

To our students and award winners: you represent excellence and endeavour. You've invested countless hours in study and shown a commitment to growth that your teachers and peers have recognised. These awards are not just acknowledgements of what you've done - they are affirmations of who you are becoming. Discipline, curiosity, and a willingness to learn are qualities that will serve you well in life.

Looking ahead, I'm confident that Morrinsville College will continue to build on its strong traditions while embracing innovation and creating new opportunities for our students. We will keep nurturing the true heart of our school - its people - and the transformative power of learning.

So, I close by acknowledging everyone connected to Morrinsville College. Whether you're a student, staff member, parent, board member, or community supporter - thank you. Together, we make opportunity possible. Together, we share in the success of our kura.

Mr Scott Jenkins, Principal - B.A(HONS), PG DIPEDLD, DIP TCHG

The Chairperson's Report

Abridged version of Prizegiving Speech.

Once again this year, I want to acknowledge on behalf of the Morrinsville College Board of Trustees, that we are very proud of all our students, many of whom are achieving highly in their academic endeavours, in sports, and in cultural activities. We admire the resilience of our students and the determination they have shown to get through the college years, which for some can be a tough journey.

To all the students who will be returning next year, have a well-earned break over the summer holidays and come back next year ready to go again.

For our graduates of 2025, well done and congratulations! This is a new phase of your life where you will soon step into adulthood. Now the hard work begins, and your life as an adult starts. Congratulations to all students who received awards this evening. Keep up the excellent work you are all doing.

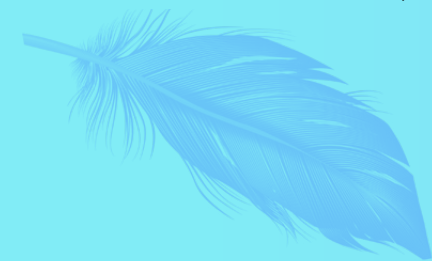

To all our amazing staff under the excellent leadership of our Principal Scott Jenkins, the Board appreciates and thanks you all for your hard work, dedication, commitment, and passion, especially for the support and work you all do for our students and school behind the scenes, which you give of in your own time voluntarily. Most people aren't aware of. We are grateful and appreciative of all that you do. Lastly, we thank our volunteers, and our staff who give up their time alongside others from the community, sports coaches, PTA, our parents, and caregivers, for their support. This support is crucial to the ongoing success of our school and students as we strive, with your support, to develop young leaders, professionals, workers, and future leaders.

We wish all our staff and students who will be leaving us or pursuing studies in 2026 all the best in their employment, tertiary education, and training endeavours, confident that we have played a part in supporting you all to achieve your educational goals on your life's journey.

The Board wishes you all a safe summer holiday and festive season as we near the end of 2025.

No reira, e te iwi, tena koutou, tena koutou, tena koutou katoa.

Ngaire Te Ahu, Presiding Member, Board of Trustees

Staff News

New staff welcomed at the beginning of the year were:

Mrs Jocelyn Mitchell - English

Mr Shaminder Guraya - Mathematics

Mrs Amy Peters - Agricultural Science

Mrs Heather Furniss - Librarian

Mr Richard Collette returned in Term 2 to teach ESOL and English

Changes during the year:

Mrs Leanne McGrath taught ESOL on a fixed term contract in Term 1

Mr Brian Killen once again took up a long-term relieving position in Terms 2 and 3, teaching Science

Mrs Jocelyn Mitchell leaves us at the end of the year to pursue a career outside of teaching

Mr Shaminder Guraya leaves us at the end of the year to teach Mathematics at a new school

Miss Alison Priestley leaves us at the end of the year to teach P.E. at a new school

Mr Nick Smith will go on study leave in 2026 to complete a Te Reo Māori course

ANZAC Day

Our head students, Jakob Byers and Pearla Jefferson, presented well-researched speeches at the annual ANZAC Civil Ceremony at Howie Park on behalf of our school and the young people of Morrinsville. The ceremony was well-attended, with several present and past students involved. Our two deputy head students, Ella Nicholls and Lucas Hadj-Blaha, laid a wreath at the cenotaph on behalf of our school.

Jakob and Pearla repeated their speeches at our ANZAC students' assembly, and Ella and Lucas read the list of 28 students who were killed in World War II. Mrs Angela Peters, our librarian and archivist, has researched these men, which meant that we heard the age of each person, where they were buried and which part of the armed forces they belonged to. Many of these young men were barely older than our Year 13 students and are buried across four continents. We are grateful to Mr Kerry Diamond from the Morrinsville RSA and Mr Paul Hendra from the RSA Poppy Trust, who presented two books for our school library at the special assembly.

Matariki

Matariki has become an important tradition. On Monday, June 16th, Morrinsville College students, staff, and guests celebrated and shared our memories of loved ones in a moving ceremony. It was an opportunity to once again reflect on the meaning of Pōhutukawa, the eldest child of Matariki and the star that is connected to our dead. Many staff and students shared their memories. It allowed us a chance to reset and plan for the next year. It was lovely to see some former Morrinsville College students join our Kapa Haka group for their performance.

Arts Council

2025 has been a vibrant year for the Arts Council, guided by our three dedicated Arts Leaders, Lily Hart, Rhiley Johnson, and Willow Randell. Together with a passionate group of students from Years 9 –13, they have worked hard to raise the profile of the arts within our school community.

The highlight of the year was our much-anticipated annual talent show, "Star Quest." This event once again showcased the incredible creativity and courage of our students. Eight performers took to the stage with a dazzling variety of acts — from soulful singing and powerful band performances to guitar solos, terrific tromboning, and amazing dog tricks. We were also treated to special guest performances by Haarem Wade and the energetic hip-hop crew "M C Crew," led by Ms. Emily Lory, adding even more excitement to the event.

The competition was tough, but the results were clear:

1st Place: Sharron Talv-Tepania (singing)

2nd Place: Lee-Zion Talv-Tepania (guitar solo)

3rd Place: Ella Hojnocki & Maple (dog tricks)

Although the number of performers was small, the enthusiasm was anything but. The Performing Arts Centre was packed with nearly 400 students, whose cheers, claps, and encouragement created an electric atmosphere. It was a true celebration of talent, teamwork, and the power of the arts in bringing people together.

Mrs Shona Edmonds - Arts Co-Ordinator

Library

“Libraries store the energy that fuels our imagination. They open up windows to the world and inspire us to explore and achieve, and contribute to improving our quality of life.”

- Sidney Sheldon

This year has been very different in our school library because we have a new staff member, Mrs Heather Furniss, job-sharing with Mrs Peters, who has gone down to part-time hours.

Previously, Mrs Furniss was the Community Engagement Librarian at the Matamata-Piako District Libraries for a number of years. She has a Bachelor of Languages and Applied Linguistics and a Master's Degree in Library and Information Services.

Mrs Furniss has fitted wonderfully into our staff and school environment. She excels at putting together amazing displays and encouraging students to think of the library as an exciting learning environment rather than just a place to issue books.

Mrs Donna Tomsett is still our fabulous book processing expert and comes in once a week when she is able.

A highlight this year was the extraordinary visit from Steve Mushin, an amazing award-winning author based between New Zealand and Melbourne. He is part of the Read NZ Te Pou Muramura Author Visits scheme that we enjoy each year. Steve is the author and illustrator of *Ultrawild*, a book which recently won the Best Children's Non-Fiction Book at the Australian Book Awards and the 2024 Elsie Locke Award for Non-Fiction in New Zealand 2024.

Steve spoke to our senior students about the philosophy behind his book and asked them to draw and share their own thoughts and amazing designs. His passion lies in exploring ways in which generations, especially younger people, can reimagine the world they live in, and he describes his book as “science-comedy to kickstart creative thinking”. The workshop was amazing, and our students adored his quirky ideas. Afterwards, Steve told me that he loved our students and their enthusiasm.

The library holds a book club once a week where interested students can come and discuss books, movies, and hot topics. We know they attend to connect with other like-minded students rather than just eat the biscuits! Ms Dwyer also attends these stimulating literary discussions.

With the ban on cellphones during school hours, the library has become a much calmer place. To have normal chatter at break times rather than silence with heads hanging over cell phones has been a winner this year. Students are communicating and reading books.

Mrs Angela Peters - Librarian

English

Dean Koontz wrote in his book *Innocence*, "Words are the wellspring of the world, and language is the most powerful weapon in the ancient and still unfolding war between truth and lies." This echoes the playwright, Edward Bulwer-Lytton's famous assertion that "the pen is mightier than the sword." The English department bears witness to these ideas as we read the stunning work produced by some of our students. Our ultimate goal is to teach the necessary skills for all our students to read and write well because, in the words of George Orwell, "If people cannot write well, they cannot think well, and if they cannot think well, others will do their thinking for them."

Public Speaking

This year, the Rotary Club hosted our speech presentations. We had five amazing speakers: Gemma Johnson, Bronagh Kennedy, Lucas Fu, Anessa Ginever, and Christina Parajuli.

Gemma delivered a humorous and well-structured presentation titled "Falling in Love with a Cliché." Bronagh spoke confidently on the negative impacts of social media, and Lucas discussed ideas about the future of work in New Zealand.

Anessa's engaging and relevant speech was titled "The Herd Mentality," and she delivered a challenge to us all.

Christina presented her winning Race Unity Speech, "The Great Ocean of Diversity," which was impactful and expressively conveyed. Christina won first place in the Waikato Regional section of the Race Unity Speech Awards with her well-considered speech. Her speech was in response to the topic "Te Moana Nui o te Kanorau - The Great Ocean of Diversity."

Debating

Our new debating teams, led by Mrs Johns and Mr Lynn, are going from strength to strength. The two Senior Open Morrinsville College Debating teams participated in six rounds of the 2025 Waikato Secondary Schools Debating Competition.

Congratulations to 'MC Hear Me Out' (Tabith Kinley, Laura Crane and Evelyn Fu) for taking out a win!

Lively Writing Competition

This year, we had many outstanding and sophisticated submissions, making the selection of winners a challenging task.

Year 9 Poetry - Caitlin Mills, Year 9 Prose - Gemma Johnson
Year 10 Poetry - Violet Bebbington, Year 10 Prose - Alison van Vilet
Year 11 Poetry - Megan Mitchell, Year 11 Prose - Jayde Young
Year 12 Poetry - Caitlyn Turner, Year 12 Prose - Brooke McCreedy
Senior Poetry - Morgan Jubber, who also won the Senior prose section.

We have included an excerpt of Morgan Jubber's work on the opposite page.

Mrs Helen Hyde-Hills - Learning Area Leader, English

The Mirror is Never Empty by Morgan Jubber

I - The mirror waits.
It does not call, or beckon, or breathe.
But it is always there,
Flat, thin, silver-throated.
Its voice is quiet—
But never silent.
I look in,
And something looks back.
Not me exactly.
Not me
A version. A shell. A suggestion.
Held still like a held breath.

II - The mirror lies.
I've heard that before.
But it doesn't lie.
It only shows what is placed before it.
It's the eyes that do the twisting.
The mind that does the warping.
We bring our own knives
And carve away at what we see.
Until something acceptable remains.
Or nothing.

III - In my grandmother's house,
There was a mirror above
the hallway table.
It was chipped in the corner,
Where her husband had thrown keys
Harder than necessary.
Each morning, she would stand before it,
Lipstick precise,
Necklace clasped just so.
A ritual of repair.
She said, "We must look together,
Even when we are not."
I think she meant
Putting the pieces back
Where the cracks wouldn't show.

IV - A mirror is a memory
That refuses to grow old.
It holds you
The way you once were
Before grief touched your hair,
Before you started hiding parts of yourself
In clothes, in silence,
In the blur of bathroom steam.
It reminds you of what has passed—
But also of what you are becoming.

V - In glass, I have been all things:
The shy child behind the curtains,
The teenage girl picking herself apart,
The boy rehearsing his courage
in the dark,
The grown-up pretending they know
What they're doing with their life.
The mirror had held them all.
Not kindly,
But without judgment.
Which is almost the same thing.

VI - Some mirrors are not made of glass.
A phone screen.
A puddle on the street.
The glossy eyes of a friend
When they see you and know
You are not okay.
Reflection is not only light.
It is recognition.
It is the moment someone says
"I see you,"
And means it.

VII - There are mirrors in hospitals.
Above sinks,
On metal carts,
In rooms where people lose their hair,
Their limbs,
Their sense of direction.
One man, I remember,
Asked the nurse to cover his mirror.
He didn't want to see
What the sickness had done.
His eyes had become strangers.
The glass was a gate he refused to
walk through.
But even a covered mirror
Still remembers your face.

VIII - In dressing rooms,
We twist in front of them,
Pull at fabric,
Compare ourselves to people
We have never met
But are told to resemble.
The mirror becomes a battleground
For acceptance.
A war we wage against skin,
Against belly,
Against shoulders that were made
To carry so much more
Than judgment.

IX - I once smashed a mirror.
Not out of rage.
Out of desperation.
To see if breaking it
Would stop the reflection.
It didn't.
The shards just made more versions of me.
Fragmented,
Repeating,
Endless.
Each sliver screamed:
"Here you are.
And here.
And here."
As if I could never be free
From myself.

X - There are cultures that cover mirrors
During mourning.
As if the dead might get trapped,
Or the grieving might see
Too much of their own emptiness.
I think they are justified in being cautious.
Mirrors hold more
Than just faces.
They hold thresholds.

XI - The mirror watches.
Not because it is alive,
But because it makes you aware
That you are.
You walk past it,
And feel yourself walking.
You adjust a collar,
Straighten your shoulders.
Not for comfort
But for coherence.
To match the idea
Of how a person should appear
When seen.

XII - There are mirrors in funhouses
That distort your shape,
Make you thin,
Wide,
Long,
Wrong.
They are not so different
From the ones on our walls.
Only more honest
In their dishonesty.
They never pretend
To tell the truth.

XIII - Some days,
I avoid the mirror.
Its stillness
Accuses me
Of motionlessness.
Of becoming
Too much or too little
Of what I hoped for.
Other days,
I look for too long,
Waiting
For the reflection to blink first.
It never does.

XIV - When you fall in love,
The mirror becomes softer.
Or maybe your gaze does.
You begin to notice things
That aren't flaws.
You begin to smile
Without checking
If your teeth are straight.
You see what someone else sees.
And for a moment,
You agree with them.

XV - The mirror is not magic.
But it can be a spell.
One that reveals,
Undoes,
Rebuilds.
Each time you stand before it,
You conjure
Your own becoming.
You decide what to see.
And what to refuse.

XVI - And when you are gone,
When no one is left to cast a reflection,
The mirror will remain
Silent,
Unbroken,
Faithful.
Waiting for the next face
To ask a question
Without words.
And to listen
To an answer
It will never speak aloud.

Mathematics

2025 was another year of learning and growth for our students in the mathematics department. An important focus for our Year 10s has been preparing them for the Numeracy CAA, in addition to learning foundational skills to prepare them for the new NCEA Level 1 standards. Our senior students showed a lot of positivity and enthusiasm for their internal assessments early in the year, and many of them experienced a lot of success. The external assessments are always a daunting challenge, and we wish our students all the best when they attempt them in November. We have regularly offered lunchtime tutorials to give extra time to those students who are committed to gaining the best possible results, and we look forward to seeing the fruit of their efforts.

Outside of the classroom, we have continued to provide opportunities for our students to become involved in Mathematics competitions. This included offering our own Junior Maths Competition in Term 1, in which 16 students participated. Rakaunui O'Brien, Strickland Lucas Belmar, and Harbir Singh each won a \$50 Warehouse voucher. Last year was the first time we offered this competition, and we intend to make it an annual event.

In Term 2, we offered the Kiwi Maths Competition, run by Canterbury University. Four of our Year 9 students participated. Our top student was Harbir Singh, who gained an Excellence grade. In Term 3, Mr Kemp worked closely with teachers from Te Aroha College and Matamata College to organise the first-ever Pāngarau ā-Piako Mathematics Competition. Teams from the three schools faced off against each other in a great evening of problem-solving, with our Year 9 and Year 11 teams each taking away a trophy. Matamata College will host the competition next year, and we hope to include more schools in the event.

Finally, our top-performing junior students represented our school in the annual WaiMaths competition, this year held at Hamilton Boys' High School. Our Year 9 team was placed third in their category, which is the highest placing our school has had in all of my time at the college.

Special thanks must go to Mr Kemp for all of his hard work providing training for our budding mathematicians and for organising Pāngarau ā-Piako.

Mr Nicholas Smith - Learning Area Leader, Mathematics

Science

We have had another great year in the Science Learning Area at Morrinsville College. We enjoyed some amazing trips. Year 13 Biology had a very successful camp at Tongariro National Park, with a significant number completing the full crossing. Our Year 12 Biology classes highly enjoyed their trip to Ōtūmoetai Beach and the tour of the University of Waikato Coastal Marine Field Station. The senior Chemistry students had a blast at the University of Waikato ChemQuest Quiz and Analytical Chemistry competition. Our Year 11 Science classes enjoyed spending the afternoon at the Morrinsville River Walk, studying the health of our local awa. Finally, a group of Year 10 students loved the hands-on experience in the Waikato University lab. Huge thanks to the PTC Trust for making this possible. In class, our students have worked hard and enjoyed a range of exciting experiments this year. We are proud of the progress that all our students have made.

2025 was an extremely exciting year for EPro8. We saw record numbers of students participating in EPro8 this year, with four teams of Juniors and three teams of Seniors competing at the regional competition. For some students, it was their first time and very much out of their comfort zone, but they did so well. We even had Year 13s involved for the first time; notably, Rita Bhandari, who had been trying to do EPro8 since Year 5. She finally lived out her primary school dreams! On the other hand, for some of our Year 11 and 12 boys, this was their 7th or 8th year attending. We were extremely proud of the two teams that made it into the semi & grand finals: our Year 10 team, the "Super Circuits," and our Year 11/12 team, "The Indecisives". It was awesome to see so many students putting themselves out there this year. If you are eager to try something different, enjoy problem-solving, and working as a team, consider joining next year. A huge thank you to the Board of Trustees for helping us purchase EPro8 gear over the past few years. This has helped our students prepare. Thanks also to Tatua Dairy Company, as their funding allows the teams that make it to the semi and grand finals, to attend at no cost.

Ms Marnie McMillan - Learning Area Leader, Science

E-PRO 8 JUNIOR TEAM

PRESENT: GARRY GALVEZ (TEACHER), JACK CLARK, VICTOR CHEGE ROMERO, HARBIR SINGH, LUCAS BELMAR, LIAM VALLER
2ND ROW: JAMES LEIGH, GABRIEL MCNAMARA, CHARLIE GOILE, TRAVIS MARSHALL, BRIGID KENNEDY, MARNIE MCMILLAN (TEACHER)
FRONT ROW: SATIVA IRVINE-GILLARD, BRONAGH KENNEDY, CAITLIN MILLS, MADDY TOLLEY-MARSHALL, SANUKI FERNANDO
ABSENT: FERGUS BEACHEN

E-PRO 8 SENIOR TEAM

PRESENT: CHARLIZE BELL, CORIN HANSFORD, RILEY NEELD, ARCHER HERBERT, RHYS GIBBERD, MARNIE MCMILLAN (TEACHER)
FRONT ROW: MALVIKA NAND, EMELIA FU, OLIVIA VICKERY, EVELYN FU, RITA BHANDARI
ABSENT: BRODEY HALSE, ELLA HOJNOCKI, ZEKE NORMAN, HAMISH RIDDLE, JOEL VAN DEN ANKER

Social Sciences

This has been a year of curiosity, exploration, and challenging ideas across the Social Science learning area. From Social Studies to Tourism, Accounting to Agribusiness, our students have embraced opportunities to think critically about the world around them. Field trips brought learning to life. Year 13 Geographers undertook their annual expedition to the Tongariro Volcanic Centre, exploring the dynamic processes shaping our land. Year 11 students travelled to Waihi to investigate gold mining and its environmental impacts, while both Year 11 and 13 Historians retraced the significant sites of the Waikato Wars, connecting directly with our shared history. These journeys provided more than knowledge; they gave students the chance to walk in the footsteps of others and reflect on how the past continues to shape our future. Our students have also been engaged with global issues.

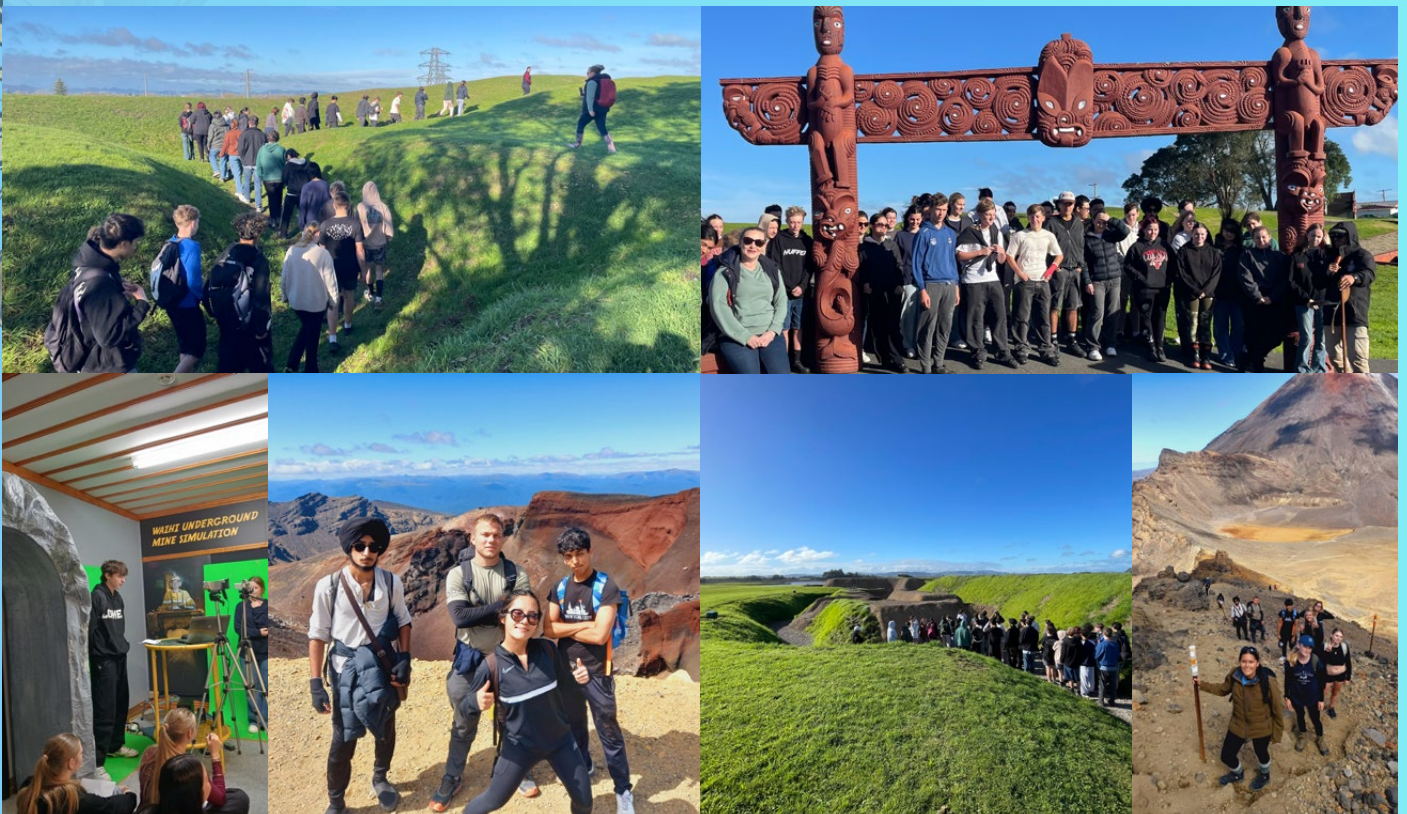

A team represented the school at the Waikato Model UN Summit, debating the urgent problem of e-waste. Over two days, they developed critical problem-solving skills, tested their ability to negotiate, and offered practical solutions for a sustainable future.

Our Enviro Club has continued its important work at school, showing that environmental stewardship begins at home. In classrooms, subjects such as Economics, Commerce, and Financial Literacy challenged students to think about resilience in times of global uncertainty. History and Classical Studies encouraged empathy for the struggles of others and provided insights into the fight for human rights, while Social Studies placed an emphasis on civics and our role as active citizens in a rapidly changing world. Geography and Tourism kept students looking outward, connecting natural landscapes, culture, and the pressures of global events such as climate change and humanitarian crises.

The global headlines of 2025 have reminded us of the value of these subjects. Whether considering the economic impacts of international conflict, the realities of displaced communities, or the urgent calls for environmental action, our students have shown that being curious, involved, and willing to challenge ideas matters. They are learning that real change begins with awareness, empathy, and the courage to contribute solutions.

As one student reflected, "Social Sciences help us understand not just where we are, but who we are - and who we want to become."

Mrs Nicole Marwick -Learning Area Leader, Social Sciences

Home Economics

My journey in Food Technology and Home Economics has been one of the most rewarding parts of my time at school. In Year 9, the subject focused on learning the basics, how to measure ingredients, follow recipes, and practice safety in a kitchen setting. Now, in Year 13, the subject has grown into so much more than just cooking and baking. I have learned to design, plan, and evaluate meals with real purpose, developing independence and creativity that I never imagined I would have when I first started.

In mid 2023, I took my passion for food outside the classroom and started my own cake business. This was the beginning of bringing my love for baking to life in a real world setting. The skills I had developed through Home Economics gave me the confidence to experiment, decorate, and deliver cakes that not only looked great but also met the needs of many different customers. Running my own at-home business has been one of the highlights of my Home Economics and Food Technology journey.

College Cuisine, our in-school restaurant, was another experience that showed me how far I had come. This year, instead of working in a big group, I worked with one other student to manage our event. Together, we served 20 guests with a full three-course meal, offering 10 separate food options. This assessment was definitely one of my favourites throughout Years 12 and 13, although it challenged every aspect of my ability, from management and organisation to teamwork and problem-solving. It was stressful but also one of the most rewarding opportunities, as it gave us a chance to bring our creativity to life.

Looking back, the difference between Year 9 and Year 13 is massive. In Year 9, I was still learning how to chop vegetables correctly and follow instructions step by step. By Year 13, I am creating my own products, designing menus that take into account nutrition and sustainability, and running events and a business outside of school. Home Economics has not only developed my technical skills in the kitchen but also life skills such as resilience, organisation, and creativity.

I am extremely grateful to the staff in the Food Technology and Home Economics Learning Area for the support and guidance I have received throughout the years. The experience I have had in Home Economics will stay with me well beyond school.

Ava Craig, Year 13 Student

Electronics and Design

Juniors:

Year 9 students actively engaged in hands-on electronics projects, crafting copper tape circuits and assembling Future Kit Sets that included LED flashers, voice-activated LEDs, and moisture sensors. They explored virtual circuit design using TinkerCad and integrated Redstone circuits within Minecraft Education to enhance their sustainable house models. Working collaboratively, they developed eco-friendly solutions featuring solar panels, wind turbines, and vegetable gardens. Year 9 students also showcased their creativity by designing modern buildings using both Minecraft Education, freehand sketching, and SketchUp Pro.

Year 10 students explored a chosen Design Era, researching two influential designers and analysing their impact. They applied key design principles to projects, adapting classic ideas through experimentation and refinement. Outcomes included Minecraft Education builds, SketchUp models, and technical drawings. Students also designed a Jurassic Park museum in Minecraft and developed a creative fiction story featuring Minecraft characters.

Seniors:

Level 1 students embarked on an exciting design challenge to create a modern, sustainable floating house using Minecraft Education. As part of their exploration, they studied the Modern Design Era, focusing on its aesthetics and principles. Each student researched two influential modernist designers and incorporated elements from Māori design, including traditional shapes, patterns, forms, and colours, into one of their three concept ideas. Sustainability was a key focus, with students integrating features such as solar panels, green roofs, rainwater tanks, triple-glazed windows, wind turbines, and biophilic design to enhance their architectural concepts. In addition, they designed a SMART sustainable desk lamp, applying eco-conscious thinking to everyday products.

Level 2 students designed modern, sustainable museums, focusing on modernist architecture, aesthetics, and sustainability. They researched two key architects and explored Māori design principles to enrich their concepts. Sustainable features, including solar panels, green roofs, rainwater systems, triple-glazed windows, wind turbines, biomimicry, and biophilic design, were integrated. Students also developed SMART desk lamp concepts inspired by Bauhaus, combining minimalist style with functionality.

Level 3 students studied modernist architecture, analysing the work of two to three key architects with a focus on style, materials, and sustainable design principles, including passive solar and biophilic design. They designed high-tech, sustainable tiny houses featuring smart home technology and created desk lamp mockups inspired by Bauhaus and modernist aesthetics, testing for ergonomics and usability.

Mr William Van Zyl - Teacher in Charge, Electronics

Digital Technologies

Empowering future-ready learners through creativity, logic, and innovation.

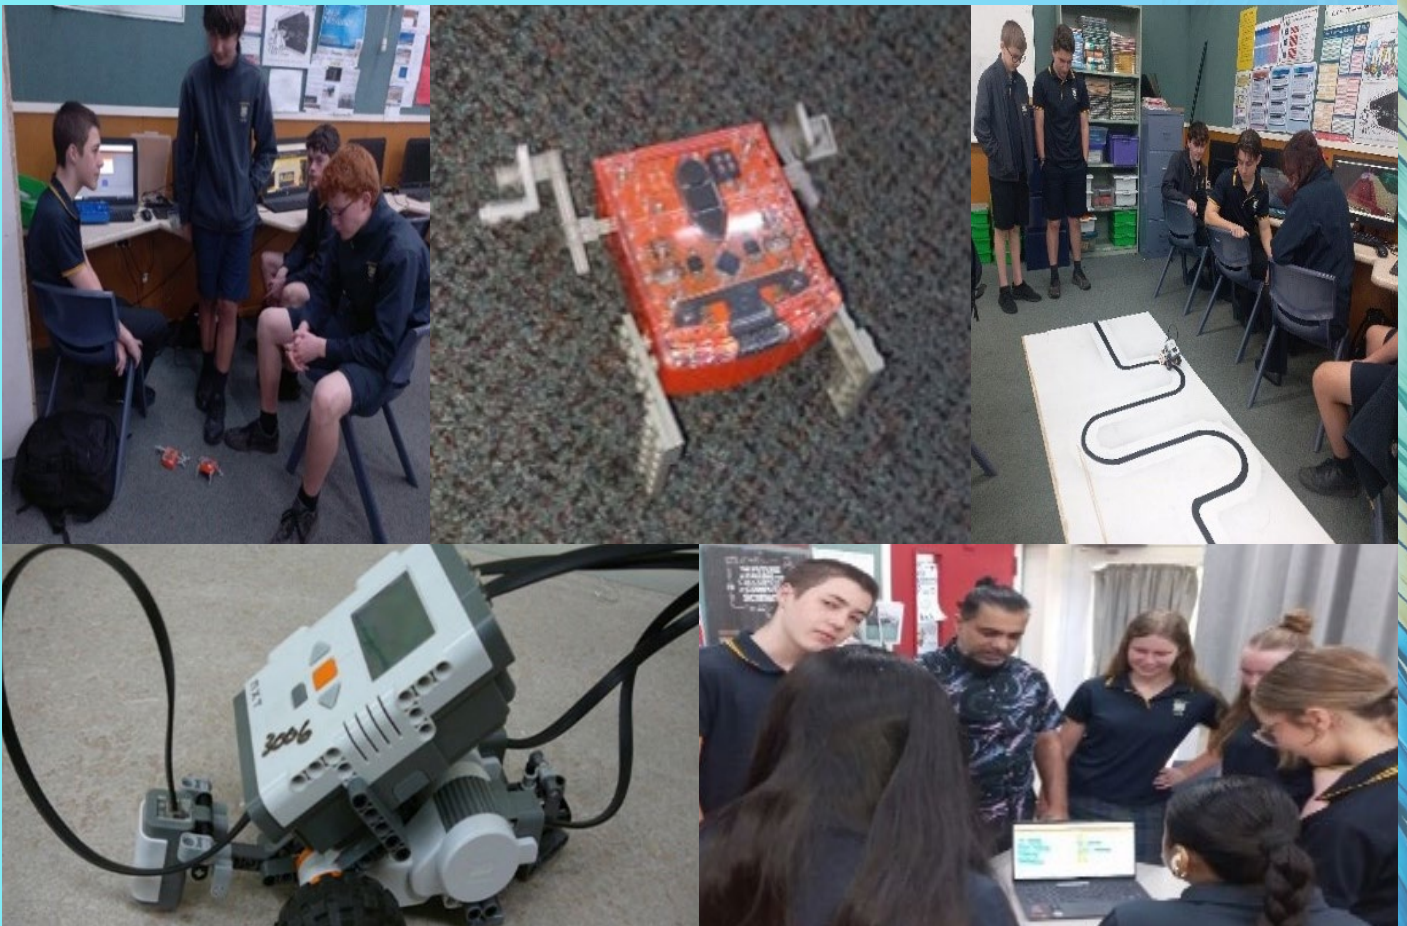

Why it Matters:

- Builds problem-solving and critical thinking
- Boosts teamwork and project management skills
- Supports future career pathways in tech and innovation
- Hands-On Projects
- Create animations and games
- Design interactive websites and mobile apps
- Build smart systems using sensors and Robotic microcontrollers
- Manage data with spreadsheets and databases

Robotics programs in secondary schools are shaping the next generation of innovators by combining fun, creativity, and learning in STEM (science, technology, engineering, and math). We have successfully engaged Year 10 and 11 students using the Edison Robot. It offers a great introduction to robotics, using simple block or Scratch-based coding. With capabilities like line-following and obstacle avoidance, Edison makes it easy for beginners to understand core robotics concepts in a fun, hands-on way.

Robotics using LEGO Mindstorms NXT offers more advanced building and programming with sensors and motors, using graphical or text-based coding like Python. This encourages problem-solving and deeper robotics skills.

Anirudh Kumar, Teacher in Charge, Digital Technologies Science

Drama

It has been another amazing year for Drama at Morrinsville College. The senior Drama class performed “When Sun and Moon Collide” by Briar Grace-Smith at the start of Term Two. This is a New Zealand murder mystery play that explores relationships, justice, and healing.

The Year 11 class created some of the set used in our Arts Showcase “Mauri Ora!” This fabulous showcase not only displayed the creative skills of Year 11 but also involved our seniors, who created costumes for the four ātua in the play that ran throughout the performance. The seniors also acted on stage in the roles of the ātua, birds, and flames.

Some of our Year 12 students designed the lighting used in the showcase and learned how to operate the sound for the show as well. This experience gave the Drama students a real-world context to apply their learning to and was a big success. It provided a great opportunity for them to appreciate all the different ‘cogs’ in a production machine, to see how they fit into that production, and to learn the valuable skill of teamwork.

The Year 11 students always perform crew roles in the showcase, which not only gives them a sneak peek into the show they will perform in the following year but also helps them make important connections with other students they will work with in the future.

Year 10/11 students enjoyed a workshop from Massive Theatre Company in Term Two and learned a lot about devising their own work and using physical theatre to tell stories. We had the pleasure of doing a workshop with a visiting Japanese school in Term Two as well, and really enjoyed playing drama games with them, as well as sharing some of their culture with us.

The junior Drama classes have had a great year of learning with their teachers, Mrs. Mitchell and Mr. Kemp. They explored NZ theatre, devising, melodrama, and worked on improvisation and character development.

Drama is a creative way to learn about the world by stepping into other people’s shoes.

Thanks to everyone who supports Drama in our kura.

Ms Louise Keenan - Teacher in Charge, Drama

Dance

The Dance learning area is going from strength to strength, and this year we celebrated having Year 10 Dance for the first time as an option subject at our kura. In Dance, we learn about the respiratory system as well as muscles and ligaments alongside the movements we do. We work hard at building cardiovascular endurance, strength, and flexibility. We cover ballet basics and explore different genres of dance during our coursework.

All the Dance classes were involved with the Arts Showcase “Mauri Ora” in Term Two and put a huge effort into making all their pieces look flawless. Miss Sophie Hawkes again generously gave her time and choreography talent to ensure these dances looked amazing. Hollie Keogh has been demonstrating great leadership this year by coming in at weekends to work with Sophie on learning material that she can then teach to the class. This leadership model is one we believe is very important in fostering student agency. It was truly inspiring to see the whole group of dancers on stage, performing like champions together.

Dance is now offered from Year 10 to 13. All levels of Dance had the opportunity to work with Neve from the Royal New Zealand Ballet in Term Two during a workshop. These workshops are really valuable as they give our students the chance to work with a professional dancer at our school. We have also learned a dance from the Cook Islands, thanks to Miss Stephanie Rangitaawa (Art) for teaching our students this different form of dance.

Our Year 10 students also had the chance to workshop some dance with a visiting Japanese school, and all students thoroughly enjoyed this experience. Our students also choreograph their own works and teach them to their peers, which is a useful skill for the future.

Dance is a universal language and something almost everyone enjoys. Our philosophy is to produce confident, creative thinkers who can also accept differences and explore connections through learning about different genres and styles of dance from around the world. We look forward to seeing how far we can go with dance in our school.

Ms Louise Keenan - Teacher in Charge, Dance

Music

2025 has been another successful year for the Music Learning Area.

The annual Arts Showcase was the highlight of a busy schedule of school and community performances. Building on its predecessors, this year's theme, based around the elements, featured several songs with lyrics or titles related to fire, air, water, and earth.

Our students returned to the Smokefree Rockquest stage this year. Our group, **Colorado Revival**, featuring Laura Crane, Tabitha Kinley, Peter Ratcliffe, Jayden van Kessell, Lee-Zion Tepania-Talv, and Gaston Rojas Miranda, performed beautifully.

Our Jazz Band, Guitar Ensemble, and Hit Squad percussion group returned to the ITM Band and Orchestra Festival at the Gallagher Performing Arts Centre at the University of Waikato. Our groups put in countless hours of preparation all year with the help of our tutors. The Jazz Band, which grew in number this year, secured a Bronze award; a new look Hit Squad earned a Silver award, and our Guitar Ensemble continued its excellence by gaining yet another Gold award.

This year the vocal ensemble, MorriNova, under the leadership of our tutor, Jayne Tankersley, travelled to Tauranga to compete at the annual Big Sing Competition, which provided valuable experience. We look forward to returning next year.

Running a successful music program at Morrinsville College requires many dedicated people.

I would like to acknowledge the following passionate and inspirational individuals:

Clive Burnell (Brass, Jazz Band), Scott Cranwell (Guitar/Bass, Guitar Ensemble), Jane Fergusson (Piano), Sandra Ginever (Jazz Band), Marty Kroon (Drums, Hit Squad), Jean Paterson (Strings), Jayne Tankersley (Vocals, MorriNova), and Fleur Wolstencroft (Woodwind), as well as the ongoing support from Louise Keenan, Shona Edmonds, and Roger Harris.

Mr Ryan McIntyre - Learning Area Leader, Music

Mauri Ora Arts Showcase

BACK ROW: YIESHA LANGUIDO, MONIQUE WHYTE, PIPPA JACKSON, CHANUMI HEWAGE, AURORA PEARSE, ELSA GREAY, LIV SAVIDGE-COOKSON, EMILY FIEBIG, NOAH ARCHER, SONAKSHI MOUDGILL, ABBY SOMMERHALDER, GIANNA BAGLEY

LEXI PENDERGAST - YEAR 11

CHI MATSUNO - YEAR 11

AMY TIMU - YEAR 11

Japanese

This year, our Japanese classes had many exciting opportunities to interact with students from Japan. At the start of the year, the Year 11 Japanese class enjoyed playing Kendama with visiting Japanese students. They also cooked Gyoza dumplings, played the Watermelon Smash game, and the Daruma-san ga koronda game. These activities weren't just fun; they also helped students prepare for their NCEA Level 1 assessments. They wrote about their experiences for their Writing Assessment and spoke about them in their Conversation Assessment. The national curriculum for languages encourages real communication with native speakers, and these activities gave our students that valuable experience.

Later in the year, our Year 9 and 10 classes welcomed students from Koga Junior High in Japan, who were touring New Zealand. Since they were about the same age, they quickly connected by introducing themselves in Japanese and showing off what they had learned. Together, they played games such as Chinese Whispers and Colour/Animal Basket. In the Year 10 class, the Koga students taught our students a version of the Japanese game Fruit Basket, called Colour Basket. They couldn't explain it in English, so they used gestures and demonstrations instead. Some of our students figured out the rules and explained them to their classmates. Through this experience, both groups realised how important learning each other's language is for real communication.

Throughout the year, the Year 9 and 10 students built their vocabulary through singing, chanting, and interacting with native speakers. The 2025 Year 11 class, who loved dancing, even learned new Japanese words through music and dance. They worked hard all year to reach their academic goals and had plenty of fun along the way!

Mrs Keiko Sasanuma - Teacher in Charge, Japanese

Health and P.E.

Throughout 2025, Health and Physical Education classes across Years 9 to 13 have provided students with meaningful opportunities to learn, grow, and apply skills that strengthen their overall well-being. All year levels have been guided by the Hauora model of Te Whare Tapa Whā, which recognises the balance between **taha tinana** (physical well-being), **taha hinengaro** (mental and emotional well-being), **taha whānau** (social well-being), and **taha wairua** (spiritual well-being).

This year, we introduced the Year 10 Health programme, offering a strong link between the Year 9 learning and creating a clear pathway into NCEA Level 1 Health. An important part of our Health programme is the emphasis on project-based learning. An example of this was Year 11 Health students planning our Pink Shirt Day alongside the Year 13 Spirit Leaders, providing further opportunities for students to make a real impact in promoting well-being across our school.

Physical Education across all year levels allowed students to enjoy and develop teamwork and movement skills in a wide range of movement contexts. Junior classes have developed a strong foundation in understanding movement in physical activity, exploring how taha whānau can be strengthened through collaboration and supporting peers in physical challenges. Emphasis has been placed on extending individual and group fitness, allowing students to build resilience and self-management skills. These experiences highlighted taha tinana and the link between personal effort, goal setting, and long-term well-being. Senior classes have built on these foundations with a more analytical focus through teamwork, leadership, and strategy. Students have had the opportunity to apply their learning to challenging opportunities such as the Year 11 Hyrox doubles competition, Year 12 classes participating in an outdoor camp at Kauaeranga Valley, and Year 13 students mountain biking the Timber Trail, as well as competing in the Tough Guy and Gal challenge.

By embedding Te Whare Tapa Whā into our classes, students are continually reminded that Health and Physical Education are about balance, connection, and lifelong learning.

We are proud of the growth our students have shown this year, both in practical sessions and in the classroom, and we look forward to continuing to enhance this further in 2026.

Mr Michael Edwards - Learning Area Leader, Health and Physical Education

Agriculture and Horticulture

It's been another exciting year in the Agriculture and Horticulture department, with students from Year 9 through to Year 13 continuing to grow their knowledge, confidence, and practical skills in real-world contexts. Across all year levels, the focus remains on authentic experiences that connect learning to New Zealand's primary industries. We've also welcomed two new teachers to the team this year. Ms. McMillan and Ms. Peters have done a great job supporting students both in the classroom and out on the farm, and we're glad to have them on board.

Year 9 students continued their introduction to agriculture and horticulture by raising chickens from day-old chicks. This hands-on project taught them about animal care, responsibility, and the routines of livestock management. They've also been introduced to the basics of plant and animal science as they build a foundation in agriculture and horticulture.

Year 10 students gained a broad introduction to both animal and plant-based agriculture, alongside developing livestock knowledge with calves and sheep on the farm. They worked on horticulture projects such as berry gardens and propagating roses and grapevines. These activities highlighted the wide range of career pathways in the primary industries.

Year 11 studies included plant life processes through tomato growing and a study of land use with an insightful visit to a local dairy farm. In Term 3, the emphasis shifted to preparing for their external exam, which covers the environmental impacts of agriculture and how sustainability can be integrated into farm management.

Year 12 expanded into two classes this year, each following more flexible programs to suit student interests. Students were involved in a wide mix of horticulture, livestock care, and practical activities such as fencing. These experiences have given them valuable real-world skills that will serve them well in future pathways.

Year 13 students explored the kiwifruit industry, investigated lamb meat attributes, and studied sustainability in the ag/hort sector. A highlight was their trip to Otiwhiti Station and Massey University, where they gained hands-on experience in a high-country farming environment, spent time in university labs, toured farms, and stayed at the Rugby Institute.

Clash of the Colleges:

Our students again competed proudly at the Clash of the Colleges. The four senior teams all placed in the top ten, including 1st, 2nd, 4th, and the junior team placed 2nd.

It's been a year of growth, achievement, and opportunity. Looking ahead, we're excited to offer Horticulture as a stand-alone subject at Years 11 and 12 in 2026, providing even more choice for students.

Mrs Catherine Spindler - Learning Area Leader, Agriculture and Horticulture

CLASH OF THE COLLEGES

BACK ROW:	CATHERINE SPINDLER (TEACHER), MATHEW GORDON, HOLLY BAKER, RHYS OWEN, TYLA GOTTY, ABBIE CAMERON, GABRIELLE SCHERER, CHARLIE HADJ-BLAHA

ABSENT:	HAMISH DEWHURST

Gateway

Thirty-six Year 12 and 13 students have completed Gateway 2025 in a range of trades and careers. We are very fortunate to have the fantastic support of our local community, which has provided invaluable work-based learning opportunities for our Gateway students.

This year, we had students placed in Plumbing, Electrical, Building, Automotive, Early Childhood, Aviation, Hairdressing, Dairy Farming, Farm Machinery Servicing, Veterinary Nursing, Bicycle Repairs, and Engineering work placements.

A number of our students have gained full-time employment with their Gateway employers, and we look forward to seeing them continue their careers. All of them have gained valuable employability skills and a deeper understanding of the career areas of their choice. Good luck in the future with your careers!

Mrs Jane Thomas - Careers Advisor and Gateway Co-ordinator

Duke of Edinburgh

This year, our Duke of Edinburgh Tramping Club has undertaken a few awesome overnight adventures.

At the end of May, nine students and staff tramped to Waitawheta Hut in the Kaimai Ranges. Despite dodgy weather, we managed glow-worm spotting, possum hunting, and plenty of laughs. Lighting fires with little wood and debating a mid-winter swim kept things interesting!

In September, 14 students headed to Leitch's Hut in the Whareorino Conservation Area. After stops at Lake Serpentine and Yarndley's Bush, we hit the track. Rain, mud, and slippery slopes made the journey tough, but spirits stayed high. A few brave souls even camped out in the rain.

Both trips gave us the chance to push ourselves, support each other, and gain valuable experience for our Duke of Edinburgh Award.

We do two more tramps in Term 4 as well; Mt Priongia just before Labour Weekend and Lake Waikeremoana after seniors finish their exams. We can't wait for the next adventure!

If you're in Years 10–13 and keen to be part of the adventure, come and see Mr Duncan.

Mr Mike Duncun - Teacher in Charge, Duke of Edinburgh

Year 9 Camp

Pauanui & Tairua Adventure

In February, our Year 9 students headed off on an unforgettable camp experience based around Pauanui and Tairua. The camp ran for over a week, with students split into two groups. Each group spent three days and two nights exploring, adventuring, and connecting before swapping over. The journey began with the drive from school to the Coromandel. Once the first group arrived, students were split into teams and took part in a Rogaine – a team-based navigation challenge that helped them get their bearings and have some fun right from the get-go!

Next up was camp set up, where tents were pitched amid plenty of laughter, discussion, and teamwork. For many students, it was their first time putting up a tent, and it was great to see how quickly they worked together and adapted. The following days were filled with exciting activities that truly pushed students out of their comfort zones.

Highlights included:

Surfing: Students learned how to catch waves and balance on boards, with plenty of wipeouts and success stories.

Mountain biking: Exploring local trails on two wheels tested stamina and coordination.

Climbing Mount Pauanui: A challenging but rewarding hike with stunning views from the summit.

Raft building and harbour crossing: Students worked together to build rafts and then put them to the test, paddling across the harbour channel.

Bridge jumping: A real thrill as students (under supervision) leapt into the water, conquering fears and cheering each other on.

Mrs Catherine Spindler - Year 9 Dean

Year 10 Camp

Kauaeranga Valley Education Camp

In March, the Year 10 cohort went on an adventure of a lifetime to the Kauaeranga Valley Education Camp, in the Coromandel, just east of Thames. From there, we did lots of fun outdoor activities. These included abseiling, orienteering, staying overnight in a bivouac, bush-bashing, doing solos, and Burma trails. But the main attraction of the camp was going up The Pinnacles. Making it up the Treacherous Track and staying the night in the cosy public hut was the main goal. Four extra groups even had the pleasure of going on an extra hike up to Crosbies' Hut.

Although the camp was beyond the comfort zones of many individuals, we made many gains and learned many life lessons. We learned how to work together with people we don't usually interact with - our teachers, staff, and Year 13 leaders. We were taught how to use different survival tools and strategies, and most importantly, we strengthened our perseverance, resilience, and determination by pushing both our minds and our bodies through the long walks and up to the top of the mountains.

In conclusion, we learned a lot during Year 10 Camp. It was the opportunity of a lifetime that we thoroughly enjoyed. We learned life-changing lessons, had fun with our mates, and achieved some amazing feats. Personally, I think it was one of the most enjoyable experiences I have ever had. I learned so many important lessons and am a better person for it.

Violet Bebbington, Year 10 Student

Alexandra

This year has been a hugely positive one for Alexandra, filled with energy, enthusiasm, and a strong sense of house spirit. Our students consistently demonstrated their pride, whether on the sports field, during cultural events, or through everyday encouragement of one another.

A particular highlight of the year was the way our house leaders, Holly Baker, Brooke Edwards, and Harvey Cabug, led from the front. They were excellent role models, always stepping up, getting involved, and inspiring others to do the same. Their efforts set the tone for Alexandra, creating an environment where students felt supported and motivated to participate.

The high spirits during the many house events stood out as a real highlight, with students showing determination, teamwork, and plenty of smiles. These moments truly reflected the Alexandra values of pride, participation, and positivity.

Looking ahead, other houses should watch out — Alexandra is building on the momentum of this year and will aim for even higher participation rates in 2025. With the enthusiasm and spirit we've seen, there's no doubt Alexandra will continue to shine.

Ms Charlotte Osborne, Alexandra Kaitiaki

Campbell

INTER-HOUSE COMPETITION CHAMPIONS 2025

The Inter-House competition results for 2025 highlighted the importance of a unified team. Students consistently display enthusiasm, whether competing on the track, in the pool or supporting from the sidelines. This shared commitment ensured that Campbell remained consistently at the top of the interhouse competition, which reflects the hard work and determination of every Campbell House student. As we look back on the year, it is clear that we have much to be proud of. In sports, Campbell excelled: achieving first place in the swimming heats and finishing second overall. We won first place in the Octathlon, including the prestigious 4 x 100m relay and placed second in Cross Country. In the House Quiz competition, Campbell finished second overall, and second again in Dancing with the Staff.

Our achievements in sport, the strength of our senior and junior leadership team, and the spirit of all our students in our House have combined to make for another successful year, and by winning the Interhouse Trophy we achieved our goal. We look forward to continuing this momentum into the years ahead.

“C’s Up!”

Lincoln

Lincoln House has had a good year, with the majority of our students participating in sports events and other House competitions. Gracie Johns, Ruby Birss, and Ben Taylor did a fine job as Senior House leaders, being well supported by our Junior House leaders Allison van Vliet, Aayla Laurie, and Julian Wilson-Green.

Our Lincoln Learning Hub coaches have again performed wonderfully in guiding and mentoring their students. Teachers Esther Gwengo, Nicole Marwick, Kobie Joubert, Cath Spindler, Rochelle Johns, Carmen Pene-Hopa, Jared Lynn, Anirudh Kumar, Nilesch Prasad, Amy Peters, Emily Lory, Tuku Rangitaawa, and Ngahu Potaka formed an effective and collaborative team that worked well to get the best from our students.

Studholme

This year has been another strong and memorable one for Studholme House. From the first day of Term One, our house leaders set the tone by encouraging participation, spirit, and teamwork across every event. Their energy and commitment ensured that Studholme was consistently represented with pride, determination, and sportsmanship.

Our senior house leaders – Dilan Sharp, Samuel Miller, and Hollie Keogh – have been positive role models, demonstrating house spirit, and were well supported by our junior house leaders – Lucia Langley, Ayla Byers, and Harley Dixon.

We performed well in all house events. At the swimming finals, Studholme truly shone. After a fantastic day of competition, we came in first place overall. Special congratulations go to Lucia Langley and Lola Sheehan, who both won their sections.

In athletics, Studholme once again demonstrated depth and determination. A standout performance came from Kayley McMillan, who won her section in the Octathlon. Studholme secured second place overall in this event.

The cross-country event brought more success. Jakob Byers and Kayley McMillan both powered through to win their respective sections.

As we reflect on the year, I acknowledge every student who wore the Studholme colours with pride. Our achievements belong to all of us, and they are a testament to what happens when individuals come together as a team.

“Alone we can do so little; together we can do so much.”

– Helen Keller

International Students

The International Department at Morrinsville is thriving. Richard Kensington, who leads International Education initiatives in New Zealand, wrote an article about the department on LinkedIn. He said that we are a model of collaboration and cultural sensitivity, actively engaging with agents to maximise outreach. We have built trusted agent relationships, paving the way for successful international education in New Zealand.

It has been a learning journey over the last six years, but looking at the students, we know it has been well worth it. All of our students have passed NCEA Levels 1, 2, and 3, and 100% passed CAA. The Year 13 students are all placed at universities, and Sae Shimazaki has been accepted to the prestigious Gakushuin University to pursue a degree in Law. Japanese emperors have sent their children there.

A huge congratulations to our four leaders this year. The International Leaders were Evelyn Fu and Sae Shimazaki. The International Advisor was Risa Onda, and the lead International Buddy was Harvey Cabug. These four students have worked hard throughout the year, helping new students settle in and meeting our guests from around the world.

Our students have had the opportunity to explore our beautiful surroundings through school trips each term and through trips with our homestays. Two large groups from Japan and one group from China have also attended the college this year, sharing cultures and performing arts.

The success of the International Department owes thanks to all staff at Morrinsville College, the wonderful homestays, the Senior Leadership, and the Board of Trustees for their support.

Cricket

Morrinsville College only fielded one team in 2025, playing in a Wednesday afternoon T20 competition. The players we have are very enthusiastic and committed to their sport. The team was ably led by Captain Manjot Banga. Manjot's infectious humour and commitment to cricket resulted in good turnouts at practices and good performances on the park.

The team consisted of Manjot Banga, Matty Gordon, Hamish Dewhurst, Brendan Unka, Danica Liddington, Hanno Oosthuizen, James Carrington, Alex Hagoort, Liam Tolland, Aditya Saini, and, because there is no cricket at Te Aroha College, we welcomed Tristan Townsend to the team.

Sport in schools would disappear without wonderful volunteers, so thanks again to our manager and scorer, Clayton Dewhurst, for being very generous with his time for another season. Thanks also go to Sonya Hagoort and Christa Oosthuizen, in particular, for their support.

Mr Patrick O'Shaughnessy - Teacher in Charge, Cricket

Football

This year our three teams—Senior Girls' First XI, Senior Boys' First XI, and Junior Boys'—all finished at the top of the Waikato Secondary Schools Football Competition and earned divisional titles.

Our Senior Girls' Team, coached by Mr Stephen Cochran and captain Hollie Keogh, remained undefeated, winning matches with scores of 15-0, 7-0, and 8-1, thanks to strong teamwork and skilled goal scorers, including Hollie Keogh, Tesha Tokerangi, Saskia Dewhurst, Amara Murti, and Ayla Byers.

The Senior Boys' Team, led by captain Jacob Byers and coached by Kris Rollerson and Tom Gibberd from Fonterra, showed dedication and growth, yielding positive results in every game.

Our Junior Boys, captained by Aiden Jones and coached by Mr Craig Lochery, demonstrated exceptional skill, enthusiasm, and teamwork, challenging higher divisions in knockout matches and impressing spectators.

We also participated in a five-a-side tournament, with two girls' teams (Blue and Gold) and two boys' teams, all representing the school well. The Blue girls' team won the tournament, while the Gold team excelled defensively. Thanks to Andrew Hansford for refereeing and supportive parents.

Thank you to players, coaches, parents, sports officials, and everyone involved. It's been an honour to serve as football teacher-in-charge this year.

Mr Shaminder Guraya - Teacher in Charge, Football

Lacrosse

The Premier Boys Lacrosse team enjoyed another successful season. They secured a runner-up finish in the Waikato Competition, falling short only in a tense, sudden-death overtime that showcased their immense determination. The New Zealand Secondary School Lacrosse Nationals was a highlight for the Premier Boys team. They won seven out of nine games. Over the two days, they showcased great skill and teamwork to finish as runners-up in the New Zealand competition. Throughout this journey, their defining characteristic was their inspiring team culture. The mentorship from senior, experienced players and the enthusiasm of the new members created a positive, determined, and sportsmanlike group that represented our school with pride. Their ability to achieve so much was highlighted at the sports prizegiving, where they won “Team of the Year,” and coach Blake Anderson won “Coach of the Year.”

Ryan Whatford, Year 13 (Coach)

The 2025 Lacrosse season was an outstanding year for Morrinsville College, featuring both summer six-a-side and winter ten-a-side competitions. Each season brought success, growth, and strong displays of teamwork and sportsmanship. The introduction of the six-a-side league to the Waikato secondary competition was a highlight, offering a fast-paced format now recognised as an official Olympic sport for 2028. The team performed exceptionally, securing third place in a competitive final against Diocesan School, an achievement to be proud of. During the ten-a-side season under coach Ursula Johnson, Morrinsville joined forces with Paeroa College, forming a Premier and a B team of young, determined players. The Premier team had an amazing season despite being ineligible for finals under the WSLA rules. Their final game was an impressive 10-4 victory over Cambridge High, demonstrating skill development and unity throughout the season. The B team played in the finals, finishing 5th. This was a great result for such a young team. We look forward to seeing returning players continue their progress and encourage new students to get involved in this dynamic, energetic, and rewarding sport.

Paige Nicholls, Year 13 (Coach)

Netball

Morrinsville College increased its netball teams from 11 to 15 this year, with 10 social and 5 competitive teams. Social teams competed at the Morrinsville Netball Centre against other secondary schools. This year, we trialled a Student Captain-led model, where the captains of each team were also the coach and the manager off the court, as well as the captain on the court. This model was a resounding success and fostered player growth. The 10 captains who took on the challenge did an amazing job, and the growth and development in all of them was humbling to watch. Miss Ross' weekly Captain's Korero was so well received that it will be expanded to the competitive teams, as well.

In competitive netball, five teams participated in the Hamilton City Netball Competition, including a new Year 9 Development team. Both the Open A and Junior Development teams reached their finals, with Senior A finishing third and fourth. Teams also played in various tournaments, enhancing skills and experience, including the Bolton Cup (where Open A placed third) and the Rotorua Lakes High School Exchange, which we hosted, resulting in two wins. We also hosted the Matamata College exchange, maintaining a strong rivalry.

The pinnacle of secondary school netball is the Upper North Island Secondary Schools (UNISS) netball tournament, held in Auckland during tournament week. This year, we saw the debut of two new players in the Open A squad and the return of Manager Linley McMillian. Despite tough conditions, the team secured wins over Waiuku College and Albany High, battling through injuries and illness with strong support from coaches and managers. They finished in B Grade, creating lasting memories.

An addition to the Morrinsville College netball whanau was Ms McMillian, "the Science one," as our Umpire Coordinator. She survived the steep learning curve in taking over this role, and we all thank her for her hours of work coordinating umpires for both the MNC and HCNC competitions. She also worked hard to grow and develop new and existing umpires and is keen to expand in this space next year. Her team of umpires did us proud on the court. It was also great to have ex-students of the college involved this season: Margaret Wilton, our Team Selector Coordinator; coaches Abby Humphries, Deena Hobbs, Tania Wilson, Karla Tuira, and Tulia Siaosi, and ex-Board Member Irania Hudson. We welcome the return of Marie Haman this year as coach of the Junior Premier team, and Marg Clark and Megan Kivits as coach and manager of the Year 9 Development team.

A big thank you to all the people behind the scenes for giving up your time and sharing your passion, expertise, and wisdom. We also thank your whānau for enabling you to do this so you can support netball at Morrinsville College.

Rugby

This year, Morrinsville College fielded four rugby teams: two boys' teams and two girls' teams. Both the boys and girls teams included an Under-15 team and a 1st XV squad.

The season started in April, with the 1st XV boys travelling to Australia to compete on the Gold Coast and in Brisbane. Upon their return, they played in the WSSRU competition, finishing in third place. Additionally, they secured a decisive victory in a 10-a-side match against Rotorua Lakes High School as part of the annual exchange. This success prepared them well for the Central North Island Co-educational Tournament held in Napier during tournament week, where they also placed third.

The Under-15 boys' team began the season with limited numbers; however, they grew into a strong squad of 27 players by the end of the season. The team, primarily composed of Year 9 students, faced challenges competing in the Under-15 grade but played each game with heart and teamwork, demonstrating significant development throughout the season.

Our girls' team participated in combined teams with Cambridge High School. Our players were key contributors to both teams and showed considerable skill development over the course of the season, achieving some notable wins in a highly competitive WSSRU competition.

WAIKATO SECONDARY SCHOOLS SWIMMING CHAMPIONSHIPS

RYLEE DAVIE, LOLA SHEEHAN

National Stars

Anessa Ginever

Anessa performed at the NZ Brass Band National Contest in July, placing 2nd in the Junior Tenor Trombone and 3rd in the Junior Trombone overall. She also performed for Hamilton City Brass in the A Grade banding competition (6th best band, 4th best in New Zealand) and placed 3rd in the Street March.

Anessa was selected to represent Morrinsville College as the principal trombone for the third year in a row at the National Secondary Schools' Brass Band. During the course, Anessa received a prestigious award for the Best Audition.

At a regional level, Anessa won two titles at the Waikato Bay of Plenty regional contest in both Air Varié and Slow Melody for Under-16s.

Christina Parajuli

Christina was the winner of the Waikato regional heat for the Race Unity Speech Competition at the Hamilton Bahá'í Centre on Thursday evening, March 27, 2025. The competition is in its 25th year. Christina presented a powerful 8-minute speech on Te Moana Nui o te Kanorau - The Great Ocean of Diversity. This gave her a chance to share her vision for racial unity and her ideas on how we can work towards eradicating racial prejudice and injustice.

Ellamarie Steiner

Ellamarie received a Grand Prior award for St. John Cadets. To qualify for this prestigious award, cadets complete many compulsory badges, drills, and ceremonies, as well as a series of optional badges over 3-5 years of commitment and hard work to the St. John Youth Programme. This award is presented by the Governor General of New Zealand.

North Island Athletics Results 2025

Saskia Dewhurst

Junior Girls Division - 300m 3rd, 800m 7th, 4x400m U17 Girls Relay 3rd

Saskia also broke the Junior Girls' 400m school record with an impressive time of 63.64, surpassing the previous record of 64.70.

Samantha Leigh

Intermediate Girls Division - 1500m 16th, 3000m 10th

Hanno Oosthuizen

Intermediate Boys Division - Shot Put 4th

National Stars

International Stars

Kayley McMillan

Kayley has had an outstanding season on her mountain bike, dominating both nationally and internationally. She was crowned NZ U19 National Champion and Oceania U19 MTB Champion, and also secured the 2025 MTBNZ National Series title.

Her success extended overseas, where she claimed back-to-back victories in Round 6 and Round 7 of the Australian National Series.

At the 2025 Union Cycliste Internationale (UCI) Mountain Bike World Championships in Europe, Kayley had an incredible series of results. She won the U19 Vittoria-Fischer Swiss Cup, placed 8th in another U19 Swiss Cup round, and finished 11th in the U19 French Cup against world-class fields. She also placed 31st in the Junior Women's race and was part of the NZ Mixed Relay Team, which finished 7th in the world.

Kayley also excelled in school competitions, winning multiple titles including the WBOP Schools MTB Champs, the Cycling NZ North Island Schools Nationals in both Cross-Country and Enduro, and the North Island Schools Cyclocross Championships.

She is currently ranked 24th in the world for her age group, an incredible achievement that reflects her talent, dedication, and dominance on the bike.

Megan Mitchell

Was selected for the NZ Senior Women's Lacrosse team, which competed in the Australian State Nationals held in Melbourne, Australia, in June. Megan also represented the New Zealand U18 Women's Team at the Australian State Championships, helping the team secure bronze in Division 1.

Alex Harris

Alex was selected for the New Zealand U20 Men's Lacrosse team for the World Championships in Korea. Unfortunately, an injury prevented him from competing, but he played a vital role in the team's preparation through training, camps, and practice matches, earning high praise from the coaching staff for his contribution.

Alex also represented the NZ U18 Men's team at the Australian State Nationals in Adelaide, where he made a significant impact and was awarded MVP in one of the games, highlighting his skill, commitment, and leadership on the field.

Megan Mitchell and Alex Harris

Megan Mitchell, Alex Harris (co-Captain), along with ex-students Jessica Leigh and Jayden Jeffrey, were selected to represent New Zealand in the U18 teams competing in the U18 Australian Lacrosse Nationals in Adelaide, Australia, over Easter weekend.

4TH - ENGLISH

2025 DUX AWARD

DEKOTA BREW

Winner of the DUX AWARD and a BOARD OF TRUSTEES' MEDAL,
prizes donated by CANON NZ and
MORRINSVILLE COLLEGE PARENT TEACHER ASSOCIATION

In deciding who should be awarded our two top academic prizes, the PROXIME ACCESSIT
and DUX awards, the staff look carefully at the achievements and placings of nominated
students in their top subjects at Year 13.

The most prestigious award that is presented at any academic prizegiving, is the DUX
AWARD. The winner of this award receives THE BOARD OF TRUSTEES' DUX MEDAL and
significant prizes acknowledging their exceptional achievement.

This year, the DUX of our school for 2025 is Dekota Brew.

Dekota is an outstanding scholar who has
achieved the following end-of-year results:

1ST = MATHEMATICS WITH STATISTICS
1ST - HISTORY
1ST - BIOLOGY
1ST - GEOGRAPHY
2ND - ENGLISH

2025 Ball

PHOTOS BY HUNTER STUDIO

Year 13 Quotes

Bianca Allen	Te pido que me abracés fuertemente...
Manjot Banga	I'll be on my generational run.
Rebecca Baker	"Bring some tissues next time." - Max Verstappen.
Jordyn Bell	Don't give up on your dreams. Keep sleeping.
Rita Bhandari	Elikai
Ruby Birss	kittie23456 :D
Dekota Brew	Same person... <i>Different fonts.</i>
Sophie Bridges	Brains are awesome, I wish everybody had one :)
Charlotte Butler Quinn	Time Served: 13 years.
Harvey Cabug	"Everyone admires the bold; no one honours the timid."
Abbie Cameron	Don't cry because it's over, smile because it happened.
Cayden Esterhuizen	"Once you're at rock bottom, the only way forward is up." - Ichiban Kasuga.
Emelia Fu	"What you're not changing, you're choosing."
Evelyn Fu	"There are close friends in the sea, and there are neighbors in the world." - Wang Bo, <i>Preface to the Pavilion of Prince Teng</i>
Caleb Garrett	Win or lose, it's the friends you make along the way.
Ava Gereand	All you touch and all you see is all your life will be.
Megan Goodall	I'm not the same, but I'm still me.
Lucas Hadj-Blaha	Due tomorrow? Do tomorrow.
Lily Hart	"All I know: It don't last forever. So take it while you got it, try to get a little more." - Mac Miller, <i>Love Lost</i>
Heather Johnstone	Even if the finish line is far and you have to push the car, keep marching on.
Gracie Johns	I'll do it if Hollie does it.
Rhiley Johnson	See you at the Oscars! ;)
Connor Jeffrey	This quote was generated by ChatGPT.
Pearla Jefferson	"Be yourself and know that that's good enough, clearly this isn't all that there is." - Frank Ocean
Morgan Jubber	I'm just here so they don't revoke my residency.
Jasmine Kaur	"Toodle-oo!" - Mr. Chow, <i>The Hangover</i>
Hollie Keogh	I'll do it if Gracie does it.
Tabitha Kinley	'Alright can we go from, "oh, mirror in the sky?"'
Sebastian Macgregeor-Beachen	"I assure you, brother, the sun will shine on us again." - Loki, <i>Avengers: Infinity War</i>
Luke Macdonald	"Get in. Get rich. Get out."

Year 13 Quotes

Sophie Macbeth	Every day in every way it's getting better and better.
Hannah McMahon-Graham	"A life ain't a life 'til you live it." - Mac Miller, 2009
Samuel Miller	"No amount of money ever bought a second of time." - Tony Stark, <i>Avengers: Endgame</i>
Malvika Nand	Streets killed me.
Ella Nicholls	Same person... Different fonts.
Paige Nicholls	If the universe wants it to happen, it'll happen.
Zeke Norman	Or the Of?
Risa Onda	The world is a book and those who do not travel, have read only one page.
Kaelyn Osborne	Cool girl monologue.
Kamal Oyewo	People "are like onions! They have layers!"
Kirin Rai	#Cbrezzythegoat
Kaitereo Ratcliffe	"Life is pain, Highness. Anyone who says differently is selling something." - Dread Pirate Roberts, <i>The Princess Bride</i>
Willow Randell	This really was a death in our family.
Casey Rushbrooke	"Neoooo don'tttt"
Lysa Ros	"My yearbook quote is better than yours :)" - ChatGPT
Gaston Rojas Miranda	... solo tú y yo hasta el final, a la muerte.
Depree Pomare	"Judge not unless you judge yourself" - Bob Marley
Jayden van Kessel	Skipped class, but never skipped Ronnies.
Lily-Ann Van Der Hulst	"Don't hate the game, hate the players" - Fortnite
Sae Shimazaki	Made in Japan
Amitoj Singh	"Close your eyes and pretend it's all a bad dream" - Capt. Jack Sparrow, <i>Pirates of the Caribbean: At World's End</i>
Ellamarie Steiner	Don't be afraid to stand alone, the sun does it every day and still shines.
Vena Suon	Nyan nyan.
Emily Sun	sunnyslay
Dilan Sharp	That Achieved was "a temporary setback, momentary lapse. But conveniently my ego doesn't bruise." - Preminger, <i>Barbie: The Princess and the Pauper</i>
Justin Thaing	Revelation 22:21
Ryan Whatford	Not everyone likes me, but not everyone matters.
Jade Weightman	"Yessss dooooo"
Indy Wood	Email me, okay? Freakincage.com - Mark :P
Piyathida Yala	"You have gotta trust the signs, everything will turn out fine" - Jhené Aiko
